NOTICE

In-plant Training for Information Technology Students

All the students of Information technology are hereby informed that the college has initiated a programme called “**Industry Contacts Programme**” to enable students to access industrial practices. This is “**Industrial Inplant Training cum Orientation**” for every student in the break between **VIth & VIIth** Semesters of their course for a period of two weeks. Details are available on the College website (www.terna.org) Notice.

Guidelines :

- 1) Current VIth Semester students need to download the above brochure-cum-proforma and approach various Computer & IT related Industries of their choice for obtaining permission to attend 2 weeks of orientation cum inplant training.
- 2) Ideally, the industry should be related to their project field, but this is not mandatory.
- 3) It will be 2 weeks (working days will be as per the rules at the concerned Industry)
- 4) Industry can be Small scale, Medium scale or large scale. Avoid marketing agencies, call centres, BPO's and financial institutions.
- 5) In-plant training has to be completed between the end of VIth Sem examination & before the commencement of VIIth Sem (i.e tentatively between 24th June 2011 and 18th July 2011).
- 6) Industry can be from anywhere (need not to be in Mumbai only)
- 7) A Seminar cum Presentation with written report of training will have to be given by 1st week of August to experts & faculties appointed by HOD information technology.
- 8) An appropriate weightage of marks for training shall be given during project evaluation for
 - (a) Completion of Training. (b) Presentation & Report.

All students have to submit the Acceptance proforma filled up by the Industry to Mr. Saurabh Patil latest by 20th June 2011.
