Date: 05-05-2011

C.No. : TEC-1011-282

NOTICE

In-plant Training for Electronics Engineering Students

All the students of Electronics Engineering are hereby informed that the college has initiated a programme called “**Industry Contacts Programme**” to enable students to access industrial practices. This is “**Industrial Inplant Training cum Orientation**” for every student in the break between **VIth & VIIth Semester** of their course for two weeks. Details are available on College website (www.terna.org) Notice.

Guidelines:

- 1) Current VIth Semester students need to download above brochure cum proforma & approach various Electronics Industries of their choice for permission to attend 2 weeks of orientation cum inplant training. (Communication, IT, software industries also will be accepted. In extreme cases, Mechanical /other industries with practices like Automation, control, Instrumentation will also be considered.)
- 2) Ideally, the industry should be related to their project field, but this is not mandatory.
- 3) It will be 2 weeks (working days will be as per the rules at the concerned Industry)
- 4) Industry can be Small scale, Medium scale or large scale. Avoid marketing agencies, call centers, BPOs, financial institutions.
- 5) In-plant training has to be completed between the end of VIth Sem examination & before the commencement of VIIth Sem (i.e.tentatively between 24th June 2011 & 18th July 2011 **check exact dates**).
- 6) Industry can be from anywhere (need not to be from Mumbai, only)
- 7) A Seminar cum Presentation with written report of training will have to be given by 1st week of August to experts & faculties appointed by HOD Electronics Engg.
- 8) An appropriate weightage of marks for training shall be given during project evaluation for
 - (a) Completion of Training.
 - (b) Presentation & Report.

All students have to submit the Acceptance proforma filled up by the Industry to Prof. DB Patil latest by 20th June 2011.
